EXPOSITION OF THE NEW TREASONABLE ORDER OF "KNIGHTS OF THE COLUMBIAN STAR"

The following, which we copy from the *American Flag* of the 2d inst. gives a true exposition of the secrets of the "Knights of the Columbian Star," the publication of which has caused each and all of the leading copperheads of the State to tremble in their boots at fear of becoming, like Weller, a "martyr to principle," and having hospitable, though confining, quarters furnished them on Alcatraz Island for the remainder of the war. The *Flag* is deserving of the thanks of all loyal citizens for its success in ferreting out the secrets of this association of traitors, the nucleus of which, we doubt not, was formed in the darkest depths of the *sanctum* of Beriah Brown's "treason-mill," as he is the "Governor-General" of the Order. We wish our readers to examine it carefully, as we do not doubt that every word which it contains is true:

SECOND 32 TO THE 33 CALLED 57.

INSTUCTIONS.

No 57 [Knight of Columbian Star,] shall admit, except to a 57 [do], that he has this 32 [degree], for reasons that will appear hereinafter.

Officers of a 63 [Council] for mere initiation purposes, shall be styled a 61 [Governor] and a Secretary.

OBJECT.

To form a more perfect 63 [Council] for 33 [Defenders of the Constitution], and to perfect, maintain and perpetuate an organization for the 44 [Protection of our Liberties].

QUALIFICATIONS FOR MEMBERSHIP.

The 76 [candidate] must be familiar with the first 32 [degree], and must be a true and unflinching 33 [Defender of the Constitution].

INITIATION.

Any two 57's [Knights of the Columbian Star], so authorized by the 55 [Lieutenant-Governor], can give the 32 [degree]—the oldest 57 [Knight of the Columbian Star] acting as 61 [Governor].

SIXTY-FOUR.

This may be any private room where the parties will not be subject to intrusion. No furniture is needed save the 32 [degree] work, 68 (key], and a Bible. Information of intention to introduce any 76 [candidate] for initiation, shall be givan to the 63 [Council] whilst in session, previous to mentioning the matter to the proposed 76 [candidate]; or, if inconvenient so to do, then the assent of the 55 [Lieutenant-Governor] and the Trustees shall first be obtained. Any 57 [Knight of the Columbian Star] knowing any objection to the proposed 76 [candidate], shall state the same to the 63 [Council], who shall then decide whether the 76 [candidate] shall be admitted.

APPROACHING CANDIDATE.

Any one deemed a proper person to be made a 57 [Knight of Columbian Star], and having obtained the consent as provided, one or more will go to such proper person to be made a 57 [do], knowing him to be a 33 [Defender of the Constitution], and tell him that there is a gentleman who has the power to confer another 32 [degree], and propose to him that they shall go and apply for it; telling him or them that they understand the fee will be 65 [five dollars]. If he assent, appoint a time and place, and all be punctual. Let it not be exactly the place where the 32 [degree] is to be obtained, but near—the 57's [Knights of the Columbian Star] acting as though they also sought the 32 [degree]. Also, tell the 76 [candidate] that, as one or all may be rejected, it will be expected that he will not mention the matter to any one until the result is known.

ANTE-ROOM OBLIGATION ADMINISTERED BY THE DEACON.

"You do solemnly promise and swear, that you will forever keep secret everything which may transpire, and all knowledge you may gain, of whatsoever character, during your presence in the room to which you are about to be admitted, and that you will never divulge the name of any person there present—so help you God."

Deacon.—I will now take your fee, which is 65 [five dollars], and conduct you to the 64 [Council Hall], where the proper officer will impart to you the information you are seeking.

INITIATION.

When in the room the 61 [Governor] will require the 76 [candidate] to place his hand upon a Bible, and repeat after him the following obligation:

"I do hereby and hereon, in the presence of the Great Jehovah, solemnly and sincerely pledge my faith and honor, to conceal, and never reveal to any mortal being—save such as I know to be 57's [Knights of the Columbian Star]; in the name of God—Amen!"

Secretary.—What are you, that you are thus leading off in this work, and with which you seem so familiar?

61 [Governor]—I am what you are—a 57 [Knight of the Columbian Star]—you being the Secretary and I the 61 [Governor of this 63 [Council]; and I promise to conscientiously do my duty at all times, while I hold fellowship with the 33 [Defenders of the Constitution) and 57 [Knights of the Columbian Star]. But, sir, will you explain why it was necessary to proceed as we have?

Secretary.—We thus proceed because the laws of our Order demand it, and because the Order will lose its efficiency as soon as it ceases to be absolutely secret. It is not permitted that we shall be known to any person living, except those who are 57's [Knights of the Columbian Star]. Not even a 33 [Defender of the Constitution] must know who has this 32 [degree]. This is, perhaps, the only secret order the existence of which is unknown to the world. *It must be kept secret.*

61 [Governor]—I have a few questions to ask you, which we trust you will answer without reserve, for I pledge you my word as a man, as a 57 [Knight of the Columbian Star] and as 61 [Governor of this 63 [Council], that we are in earnest in this work, and would not have sought you out unless we had thought this whole work would meet your approbation.

1st.—Give me the signs, grip and pass-words of 33 [Defenders of the Constitution]. [Here the 61—Governor—will apply the test of 33—Defenders of the Constitution.]

2d.—Where were you born?

3d.—Have you ever been a 30? [Abolitionist]

4th.—Do you belong to the 31? [Union League]

5th.—Have you ever belonged to it?

6th.—Where do you reside?

7th.—Are you married or single?

8th.—Have you any 50? [military experiance]

9th.—Are you opposed to 67? [negro equality]

10th.—Will you stand firm to the obligations of 36? [Defenders of the Constitution]

11th.—What is your age?

12th.—What is the state of your health?

Secretary.—Judging from what you know of the 33 [Defenders of the Constitution] purposes and what you have learned of us, are you now willing to be united with us in a society from which you can resign, but which can never compromise you, since the only work and responsibilitis we impose on you are these:

1st.—Entire secresy as to the existence of our Order, and who the 57's [Knight's of the Columbian Star] are.

2d.—To attend every call of the 63 [Council] by the 55 [Lieutenant-Governor] of your county.

3d.—To do for every brother what every brother has sworn to do for you.

4th.—To inform the nearest working brother known to you of known or supposed danger to the 33 [Defenders of the Constitution] or 57's [Knights of the Columbian Star].

5th.—To exercise a cautious prudence in counteracting false impressions of the 33 [Defenders of the Constitution] or 57 [Knights of the Columbian Star], and to report to 55 [Lieutenant-Governor] any improper or dangerous actions you may know of.

6th.—Never to speak of the character and work of this 32 [degree] to any one except a 57 [Knight of the Columbian Star], only as you express sentiments taught by the Order.

You will not be forced to work against your desire, but on the call of 55 [Lieutenant-Governor] you must respond if it be within your power. Once a 57 [Knight of the Columbian Star], so you will live and die, though no mortal man may know it but a 57 [do].

Are you willing to proceed?

Every knee shall bend to God, and every tongue confess his name.

61 [Governor]—Brothers, we will unite in prayer:

O God! Thou creator and Ruler of all things, incline us to wisdom and virtue; protect and guard us, O, King of Kings! against fanaticism, hypocrisy and deceit. Solemnly impress us, Omnipotent God, that we are but men, and that we must give an honest account of every thought and deed unto Thee. Prepare us to fill all the duties we are about taking on ourselves, and make us, as we profess to be, brothers indeed. Make us better men, wiser and more trustworthy men; enable us to perform all our duties, as citizens of our common country, and deliver us from every temptation that may be cast in our way, to cause us to violate our solemn vows. Hear and protect us, O! Father, as Thy sons, working for the glory of Thy name, and the common good of our fellow-man. Make us true and faithful in all our duties to one another; and when danger threatens do Thou be our defense and our shield; and as the patriarchs of old suffered death in a Holy Cause, so incline us to die for one another and the cause in which we are now enlisted. And now, Master, be with us in this our meeting; conduct us safely through life, and finally bring us Home to Thy Kingdom, full of honor and glory—Amen!

OBLIGATION IMPOSED BY THE SIXTY-ONE.

I, ——, of my own free will and accord, in the presence of Almighty God and this Sacred Council of brothers 57's [Knights of the Columbian Star], erected to Liberty and dedicated to the Holy Order of Justice, do hereby and hereon most solemnly promise and swear that I will never reveal but always conceal the signs, grips, passwords or tokens of the 57 [Knights of the Columbian Star], to any one but a 57 [do] in good and lawful standing, and then only as hereinafter directed, and for the lawful purposes of this Order. And I pledge and commit myself fully and freely to each of the following obligations and in perfect good faith.

1st.—You do further promise and swear to conceal the name, object and character of the 57 [Knights of the Columbian Star], and never to speak of the same as though you were a member, except to those who can give you our SACRED WORD in such a way as to satisfy you that they are 57's [Knights of the Columbian Star].

2d.—That whatever information or secret may be given you by a 57 [Knight of the Columbian Star], if given you as a secret of a 57 [do], you will hold the same sacredly in your own knowledge and never re-communicate it even to a 57 [do], unless you are authorized so to do by the brother whose secret it is. That you will never speak evil of a brother 57 [do], either before his face or behind his back. That you will never dishonor the wife or daughter of a 57 [do], knowing them to be such, but will shield and protect the character of all 57's [do] whom you may know to be such, their wives daughters and families.

3d.—That you will oppose to the utmost of your ability, and never consent to, but vote against the admission of any 30 [Abolitionist], confirmed drunkard, unprincipled, or otherwise unfit person. to membership in this department of the 33 [Defenders of the Constitution].

4th.—That whenever you see a 57 [Knight of the Columbian Star] about to do an act that does not meet with your approbation, you will instantly give him "THE SIGN OF DANGER," and if he shall still persist you shall be relieved of all responsibility to protect him from the consequences. That you will heed and obey all signs and words as given you, and will recognize them if you see or hear them.

5th.—That you will obey all orders sent you by a superior, provided they are not inconsistent with your duties to God and your family, and not in violation of 72 [justice; on principles of humanity]. That any 33 [Defender of the Constitution or 57 [Knight of the Columbian Star] who you know to refuse his duty, you will report at once to the 55 [Lieutenant-Governor] or 56 [Governor-General].

6th.—that you do further promise and swear that you will, at all times, support, employ and patronize a 57 [Knight of the Columbian Star] in preference to any 30 [Abolitionist] and will use all reasonable means in exerting your influence to that end.

7th.—That you will assist in forwarding any legal and proper enterprise having in view the restoration of 71 [peace] between 73 [Confederates] and 74 [Federal government], and devote your utmost efforts in granting 72 [justice on principles of humanity] to 73 [Confederates]. That you will sustain no one holding opposite views. But any one holding these views who shall be endorsed by 75 [Democratic party] you will sustain to the best of your ability. That when the State 66 [election] or 80 [Presidential election] take place, you will do all you can for the 75 [Democratic party]. That should you ever cease to be an active worker of the 57 [Knights of the Columbian Star], you will keep secret what you know of the real character of the organization, and you promise never to confer this degree in any other than the manner in which you have received it, and will forward to the Lieutenant-Governor, or to any one authorized by him to receive it, a full report of the names and answers to each of the twelve qustions, together with the fees of every candidate whom you as Acting Governor may initiate.

[We now commence to give the article without the figures, the key to which we will publish entire.—ED.]

8th.—That if any fraud or corruption at the ballot-box during election shall come to your knowledge, or any attempt at intintimidation to any one friendly to our candidate become known to you, you will immediately make report thereof to the Captain of the precinct, and if the Abolitionists should attempt to interfere with our rights as citizens by illegal force of arms, you will instantly respond to the call of the Captain of the precinct.

9th.—That you will advocate and encourage the maintenance of the Union so long as the same can be continued upon principles of equal and exact justice to all; but should the next Presidential election result in no change of Administration, *and the same be perpetuated by fraud and corruption at the ballot-box, and by force of arms, then, believing that resistance to tyrants is obedience to God, you will be ready at any and all hazards to defend, maintain and perpetuate our liberties.*

Do you now in witness of your sincerity authorize the Secretary to give you the number by which pou will be known in our Order, and sign in secret alphabet your name and P. O., address?

Our scheme may strike you as a bold and daring one, and may at first excite your surprise; but you will find it based upon the pure, God-given desire for liberty, the spirit of which is a bold and fearless spirit, but it is also a sharp sighted spirit. It is a cautious, sagacious, discriminating, far-seeing intelligence. It is jealous of encroachments—jealous of power—jealous of man. It demands checks—it seeks for guards—it insists on securities—it entrenches itself behind strong defences, and fortifies with all possible care against the assaults of ambition and passion.

We labor not only for the present success of the Democratic party, but seek to make the Knights of the Columbian Star strong enough eneugh to protect and perpetuate our liberties.

I will now proceed to give you the ceremonials of this degree.

The signs, test-signs, words and pass-words, grips and pass-grips, tokens and key of this degree must be well learned, for on their proper use depends your standing in this Order. Notice them, practice them, and heed them, nor fail to bear in mind that secresy has been well termed the soul of all great designs.

I now pronounce you one of us, and I salute you as a brother Knight of the Columbian Star. Help us in our good work with your means, your influence, your energy. Aid us to the extent of your ability, for you are now interested alike with us in our common objects.

We hope the incentives we have thus attempted to give you, will not fail to arouse your activity.

"Let us, then, be up and doing,
With a heart for any fate;
Still achieving, still pursuing—
Learn to labor and to wait.

DUTCH FLAT ENQUIRER.

SATURDAY MORNING, DEC. 17, 1864.

Now, by St. Paul, the work goes bravely on,
The Stars and Stripes are up for Liberty,
Flag of the Nation--Talisman of the Free,
Curs'd be the hand that dares to tear thee down.

SOME brainless nincompoops of the Southern persuasion, with a few traitors of the *genus* Northern doughface stripe, appear to be considerably exercised at the course we have seen fit to pursue for the past three or four months, and occupy themselves rather industriously—something, by the by, they were never guilty of before—in circulating all manner of mean things about us. We are not surprised at this, however, and feel pretty well satisfied that they are incapable of saying good of any one save he be a fit subject for the gallows. We have adopted our present course because we are satisfied that the leaders of the present rebellion are endeavoring to break down the Government, all of whom deserve to be hung, as soon as caught, and we intend hereafter to labor to that end.—We think by the Federal Government conquering a peace—the only way it can be obtained—that the people of the South will be benefitted, finally, to an extent that will repay them an hnndred fold for their loss sustained in negro slavery; those who come out of the present ordeal will be purged and purified, their sentiments will be exalted, and no longer having the degrading institution of slavery in their midst their energies and talents will receive an impetus heretofore unknown on account of the sloth, inactivity and almost imbecility of the people created by the slave system. Had these unscrupulous men been satisfied to allow the majority to rule, their domestic arrangements would never have been interfered with, and their "rights," which had not been menaced, would have remained with them; but they did not see fit to do this, and now having dragooned the people into a participation of their crimes, those who should know better endeavor to persecute all who have the manliness to stand up for the Government and the principle of Republican institutions in preference to being guided by local or sectional prejudices. Any one who discards the smallness and meanness incidental to the teachings of the present bogus democratic party, is immediately proscribed by the supporters of the men who robbed the mint at New Orleans, who stole the arsenals and forts of the Government, and who made the cowardly assault on the soldiers stationed at Fort Sumter. These are the men who, having taken an oath before Almighty God and the Holy Evangelists to protect and support the Government, are arrayed against it, using their best efforts to break up that which they have sworn to protect. Yet, with these facts staring them in the face, with all the treason of demons held out in bloody colors to the world, with the appalling crime of disunion fastened upon traitorous hearts, they have the impudence to pass in judgment upon one whose fault is, that of siding with his country, from which he receives protection and the enjoyment of his liberties.—Our knowledge of the adjectives of the English language is too limited to enable us to express our scorn and contempt for the scoundrels and assassins who are prowling about seeking to blacken honest men's fame and cripple the efforts of the Government in sustaining itself against the machinations of a horde of pirates on sea and a mob of incendiaries and robbers on land.

LADIES' FAIR.—We are requested by Mrs. G. A. Bradley, and Mrs. G. Squires to state that the Fair for the benefit of the Union Church will take place at the Dutch Flat theater on Thursday and Friday evenings, 22d and 23d instants. As "before stated," the principal feature in the arrangement will be the New England kitchen, where every thing will be served in pure "Puritan style," affording every one an opportunity to get an abundance of doughnuts, pumpkin pies, hasty puddings, and other like delicacies with which the old fathers and mothers who landed from the "May Flower" were wont to regale themselves. The ladies favorable to the enterprise have made up many articles for use and ornament which will be exposed for sale on this occasion.

CHRISTMAS TREE.—The planting of the Christmas Tree for the "little folks" will take place at the theater on Saturday evening next, 24th instant. It is desirable that as many of the citizens as can make it convenient will attend on this occasion. The following named persons have been appointed to decorate the tree: Mrs. Gardiner, Mrs. Cole, Mrs. McKee, Mrs. G. A. Bradley, Mrs. Bellows, and Misses Herbert and Colgrove. Those who feel disposed to make presents for the children on this occasion can do so by handing them to any of the following named ladies and gentlemen: Mrs. F. Grohs, Mrs. Jno. Waters, Mrs. W. Hammel, or Messrs. Blais, Levyn and Adler.

SNOW.—On Thursday night it commenced snowing and continued until the hour of our going to press, Friday 4 o'clock. This snow, it is probable, will be of immense benefit to our mining operations, as it will doubtless be the means of furnishing water to a late day. The snow now falling will also enable the stage company to put on their sleighs a few miles above this place, and consequently make better time to and from Virginia. The trip across the mountains while snow lasts will be but a pleasure ride, passing, as it does, through the grandest and most sublime scenery, where the traveler can meditate upon the beauties and sublimity of nature and the absence of brandy cocktails. Won't that be high!

SALMON P. CHASE, ex-Secretary of the Treasury of the United States, has been appointed by the President Chief Justice of the Supereme Court of the United States, to fill the vacancy caused by the death of the late Roger B. Taney.

SYNOPSIS OF THE PRESIDENT'S MESSAGE.

The President of the United States transmitted his annual Message to both Houses of Congress on the 6th inst. The Message is all that the friends of the country could expect, and breathes a tone of independence and decision of purpose that is gratifying to every patriot. The Message, though short in comparison with other State papers emanating from the Chief Executive, is too lengthy for us to publish entire. We therefore give our readers the following synopsis:

Again the blessings of health and abundant harvests claim our profoundest gratitude to Almighty God.

FOREIGN RELATIONS—MEXICO.

The condition of our foreign affairs is reasonably satisfactory. Mexico continues to be a theatre of civil war. While our political relations with that country have undergone no change, we have at the same time strictly maintained a neutrality between the belligerents.

CENTRAL AMERICA—NICARAGUA ROUTE.

At the request of the States of Costa Rica and Nicaragua, a competent engineer has made a survey of the river San Juan and the port of San Juan. It is a sense of much satisfaction that the difficulties which for a moment effected some political apprehension and caused a losing of the inter-oceanic transit route, have been amicably adjusted, and that there is a good prospect that the route will soon be reëopened with an increase of capacity and adaptation. We could not exaggerate either the commercial or the political importance of this great improvement.

COLOMBIA.

It would be doing an injustice to an important South American State not to acknowledge the directness, frankness and cordiality with which the United States of Colombia have entered into intimate relations with this Government. It claims that conventions have been constituted to complete the unfinished work of the one which closed its session in 1861.

VENEZUELA.

The new Liberal Constitution of Venezuela having gone into effect with the universal acquiescence of the people, the Government under it has been recognized, and diplomatic intercourse with it has been opened in a cordial and friendly spirit.

PERU.

The long deferred Avis Island claim has been satisfactorily paid and discharged; and mutual payments have been made of the claims awarded by the late Joint Commission for the settlement of claims between the United States and Peru. An earnest and cordial friendship continues to exist between the two countries, and such efforts as were in my power have been used to remove misunderstandings, and avoid threatened war between Peru and Spain.

ARGENTINE REPUBLIC AND OTHER NATIONS.

Our relations are of the most friendly nature with Chile, the Argentine Republic, Bolivia, Costa Rica, Paraguay, San Salvador and Hayti. During the past year no differences of any kind have arisen with any of these Republics. On the other hand their sympathies with the United States are constantly expressed. The claims arising from the seizure of the cargo of the brig Macedonian in 1821 have been paid in full by the Government of Chile. Civil war continues in the Spanish port of San Domingo, apparently without the prospect of an early close.

LIBERIA.

Official correspondence has been freely opened with Liberia, and it gives a new and pleasing view of civil and political progress in that Republic. It may be expected to derive new vigor from American influence, improved by the rapid disappearance of slavery in the United States. I solicit your authority to furnish the Republic a gunboat at a moderate cost, to be reimbursed to the United States by instalments. Such a vessel is needed for the safety of that State against the native African race, and in Liberian hands it would be more effective in arresting the African slave trade than a squadron in our own hands. The possession of the least organized naval force would stimulate a generous ambition in the Republic, and the confidence which we should manifest by furnishing it would win forbearance and favor towards the colonies of civilized nations.

ASIATIC—AMERICAN TELEGRAPH.

The proposed overland telegraph between America and Europe by the way of Behring's Straits and Arctic-Russia, which was sanctioned by Congress at the last session, has been undertaken under very favorable circumstances by an association of American citizens, with the cordial good will and support as well of this Government as those of Great Britain and Russia. Assurances have been received from most of the South American States of their high appreciation of the enterprise, and their readiness to cooperate in constructing lines to that world-encircling communication.

ATLANTIC TELEGRAPH.

I learn with much satisfaction that the noble design of a telegraphic communication between the Eastern coast of America and Great Britain has been renewed with the full expectation of its early accomplishment. Thus it is hoped that with the return of domestic peace the country will be able to resume with energy and advantage her former high career of commerce and civilization.

EGYPT.

Our very popular and estimable representative in Egypt died in April last, and an unpleasant altercation which arose between the temporary incumbent of the office and the Government of the Pasha resulted in a suspension of intercourse. This was promptly corrected on the arrival of the successor of the Consulate. Our relations with Egypt as well as our relations with the Barbary powers are entirely satisfactory.

CHINA.

The rebellion which has so long been in progress in China has at last been suppressed, with the cooperative offices of this Government and the other commercial States. The judicial consular establishment has become very difficult and onerous, and it will need legislative regulations to advert to the extension of our commerce and to the intimate intercourse which has been instituted with the government and the people of that vast empire. China seems to be accepting with hearty good will the conventional laws which regulate commerce and social intercourse among the western nations.

JAPAN.

Owing to the peculiar situation of Japan, and the anomalous form of its government, the action of that empire in performing treaty stipulations is inconsistent and capricious. Nevertheless, good progress has been effected by the Western Powers moving with enlightened concert. Our own pecuniary claims have been allowed or put in course of settlement, and the Island Sea has been reopened to commerce.

THE WAR DEPARTMENT.

The report of the Secretary of War and the accompanying documents will detail the campaigns of the armies in the field since the date of the last annual message, and also the operations of the several administrative bureaus of the War Department during the last year. It will also specify the measures deemed essential for the national defense and to keep and to supply the requisite military force.

THE PACIFIC RAILROAD.

The great enterprise of connecting the Atlantic with the Pacific by railroad and telegraph lines has been entered upon with a vigor that gives assurance of success. Notwithstanding the embarrassments arising from the prevailing high prices of material and labor, the route of the main line of the road has been definitely located for one hundred miles westward from the initial point at Omaha City, Nebraska, and a preliminary location of the Pacific railroad of California, made from Sacramento eastward to the Great Bend of the Truckee river, in Nevada.

THE CAUSE OF THE UNION.

The important fact remains demonstrated that we have more men now than when the war began; that we are not exhausted, nor in process of exhaustion; that we are gaining strength and may, if need be, maintain the contest indefinitely. This as to men. Our material resources are now more complete and abundant than ever. The national resources, then, are unexhausted, and, as we believe, inexhaustible. The public purpose to reestablish and maintain the national authority is unchanged, and, we believe, unchangeable. The manner of continuing the efforts it remains to choose.

STRAY THOUGHTS.

"What will folks say?" How often do we hear this inquiry made, and how frequently do we think it, even when prudence forbids our lips to speak the oft repeated word? I know not why it is, but the mass of the people live more for the opinions of others than for their own pleasure or profit. How few there are in this world who dare act from principle! We see men, women too, who are so afraid they shall not do like others, that they subject themselves to as many inconveniences as did the man in the fable, who is at last represented as carrying the ass on his back. I really admire *true politeness*, but I do detest that deception which actuates so many of our race "to play the agreeable." How noble and praiseworthy is he who dares to do right, though the scorn of man assails him on every side. Heaven's blessing rest on such an one and the peace which passeth knowledge reigns within his breast. But alas! how few we find who do what they know to be duty for fear of being called "rather peculiar." It is fashionable to think one way, and speak another; to say smooth things when the individual is spoken to, not of; hence, as a natural consequence Mrs. A. is delighted to receive a call from Mrs. B. has been longing to see her, and thinks her looking "remarkably well." These smooth sayings are all very agreeable to Mrs. B., but let's listen to the soliloquy of Mrs. A. when the door is closed upon her visitor. "There! I'm glad she's gone; it is so provoking to have callers just when one wants to be alone. To be sure, I asked her to remain to tea, but I knew that she couldn't, or I shouldn't have asked her. But that bonnet! she did look like a fright; but I suppose she really thought, as I said, that she was looking remarkably well." Mrs. B. returns home, much pleased with her call. It is true she did not wish to go out this afternoon, and by so doing has neglected her household; but then she was afraid people would say "she stayed at home all the time," and that would *never* do. Better suit the fastidious tastes of our neighbor than strive to render home an earthly paradise, as it is the privilege of every wife to do. If one wants to wear an old dress to a social gathering, it will not do, for "everybody else will dress beautifully." Mrs. A. cares nothing for "the mite society"—prefers contributing her mite more quietly—but she must attend, or her absence will be the theme for discussion at the next meeting. If our neighbor who has "the first introduction" to the latest feminine importation, thinks her agreeable and decent looking, everybody else thinks so; if otherwise, the poor victim of keen criticism hears so many remarks concerning "her homely face" that she expects the dogs to bark as she passes them, but finding they do not, is fully convinced that they cannot have learned "the verdict." But why do I write? You know, dear reader, as well as I, how it is. Each day teaches us how people are governed by the opinion of others. There are a few of "those peculiar people," who speak as they think, but they are "like angels' visits, few and far between." The most of us are striving to do just what everybody else does—patronizing the popular merchant, mechanic or seamstress, attending the popular church, making much of those whose society is a burden to us because others do so. We pass by the man who is "down in the world," because it would not be *popular* to make much of him, although he is honest and upright. And so we live, each day acting a falsehood, appearing to be one thing when we are quite another. Oh! what a world this would be, did we ever remember that "every secret thing shall be brought to judgment!"

ISORA.

JEFF DAVIS ON PEACE.—That infernal old traitor with horns on his head, discourses to his satellites as follows as to the ability of the Southern Confederacy carrying on the war and finally achieving its independence:

Whenever this fast growing conviction shall have taken firm root in the minds of a majority of the Northern people, there will be produced that willingness to negotiate for peace which is now confined to onr side. Peace is manifestly impossible unless desired by both parties to this war, and the disposition for it among our enemies will be best and most certainly evoked by the demonstration on our part of ability and unshaken determination to defend our rights and to hold no earthly price too dear for their purchase. Whenever there shall be on the part of our enemies a desire for peace, there will be no difficulty in finding means by which negotiation can be opened; but it is obvious that no agency can be called into action until this desire shall be mutual. When that contingency shall happen, the Government, to which is confined the treaty making power, can be at no loss for means adapted to accomplish so desirable an end. In the hope that the day will soon be reached, when under Divine favor these States may be allowed to enter on their former peaceful pursuits, and to develop the abundant natural resources with which they are blessed, let us then resolutely continue to devote our united and unimpaired energies to the defense of our homes, our lives, and our liberties. This is the true path to peace. Let us tread it with confidence in the assured result.

DUMAS COMING TO THE UNITED STATES.—It is reported that Alexander Dumas will visit the United States the present winter for the purpose of writing a book, to be published simultaneously in New York, Paris and London. A private secretary and two translators will accompany him. Dumas is an enthusiastic friend of our country and its institutions, and as his books are more extensively read in Europe than those of any other writer, his visit may prove a national benefit.

DUTCH FLAT ENQUIRER.

MINING NEWS.—The miners in this section are nearly all at work since the water, of which we have seen so little since '62, is so plentiful. The companies already at work may be reckoned as fortunate, for, though the ditches carry all the water the flumes will hold, the latter are too small to convey water sufficient to accommodate all the miners. Mr. Bradley has, however, expressed his intention to enlarge the flumes to the full capacity of the ditches, which will supply water sufficient to keep all the companies at work. At Gold Run, we are informed, the following companies are at work: Weisgarber & Co., in two sets of claims, A. K. Benton, Judge Brown, Dr. Palmer, Church, Fowler & Co., Judd & Prindle, Home Ticket Co., Ellison & Co., Hanson & Co., Haggert, Brogan & Co., Huyck & Co., Brink & Abeel, Baldwin & Co. and Eberhart. On Cañon Creek, Jones & Jewell were the first to commence active operations. Several other companies are at work, but others have not yet begun washing on account of their inability to obtain water, which will soon be remedied, as above stated, when the Dutch Flat Water Company will be abundantly able to supply all the miners at Gold Run and Cañon Creek, with all the water necessary for the successful working of their claims. Those who have water are fairly and permanently at work, and with so favorable a season may confidently expect good returns for their energy and perseverance. We hear of but one of the accidents usually incident upon commencing work—that of Dr. Palmer, at Gold Run, who sustained damages by the bursting of pipes, etc., sufficient to delay work for a week. Good luck and prosperity to the miners.

SHOOTING AT AURORA.—On Monday evening December 12th, about a quarter past 11 o'clock, as W. E. Carder, (formerly of Columbia, Tuolumne county,) was stepping out of the Exchange Saloon, corner of Pine and Antelope streets, he was shot by Moses Brockman with a double-bareled shot-gun, and instantly killed. One load took in the neck, and the other in the right shoulder. They had a difficulty previously. Carder leaves a wife. Brockman is in custody.

Carder was a printer, and came to this country from Mississippi in 1852, and was once the Marshal of Columbia. He had the reputation of being a very desperate character, which he sustained by killing two or three men. He once shot H. C. Bennett, Esq., the present editor of the Grass Valley *Union*, during that gentleman's residence in the city of Sonora. Brockman formerly resided at Bath, in this county, and for awhile near this place, and was generally supposed to be a quiet, inoffensive man.

OFFICIAL RETURNS.—By the official count of the votes cast at the recent election, Lincoln received 59,534, McClellan 43,843; majority for Lincoln, 15,691. The California Fly-Killing Liquid.

FLY PAPER KILLS ITS THOUSANDS. THE Liquid Fly Killer its tens of thousands. This preparation for killing flies gives the reatest satisfaction of anything ever yet used. It is now improved to the highest killing point. It is of such a nature and so speedy of effects, that the flies will not spot the walls and windows, which makes the use of other preparations so objectionable.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number nor the manner of directing your letter. Oath of the Defenders of the Constitution, 33.

You do solemnly swear, in the presence of Almighty God, that you will keep secret the existence of this Order; that you will demean yourself in all things as becomes a true *defender of the Constitution*, and that you will not divulge the passwords or secrets to any one except to those you know to be good and *lawful "defenders;"* and that you will use your best endeavors to advance the interests and prosperity of this Order: and that you will obey all lawful decrees of all legally constituted officers of this Order, together with all the rules and instructions, and report to the proper officers every known *traitor to our cause.*

You further promise and swear, that you will at all times support, employ and patronize a member of our Order in preference to any 30. That you vote for, and do all in your power to elect the Democratic candidates for office; that you will vote for no one unless indorsed by the Democratic party.

All of this you do solemnly swear, of your own free will and accord, under no less a penalty than the expulsion from this Order, and disgrace and infamy to your name and person. So help you God.

FEMALE REBELS.—A Richmond paper has the following: "Two female soldiers from Early's army—one a sergeant end the other a corporal arrived in this last night. They had been promoted to those positions for good conduct. It appears by this that the rebels in their extremity recruit uot ouly from the ranks of childhood and old age, but go in among the hooped species.

MEDICAL.

DR. C. W. MOORE'S
Medical and Surgical Institute.
Commercial Street, a few doors below Kearney Str.,
Attending and Resident Physician,
C. W. MOORE, M. D.,
Late Surgeon, U. S. A., Quarantine Physician New Orleans and Boston, Lecturer on Morbid Anatomy and Diseases of Women and Children, Member of the Massachusetts Medical Society, etc., etc.

DR. MOORE WOULD RESPECTFULLY INform the people of California that he has established an Institute for the

CURE OF DISEASES
WHETHER CHRONIC OR ACUTE
AT 641 COMMERCIAL STREET,
A few doors below Kearney, where he may be consulted at all hours.

DISEASES OF THE UTERINE OR OVARIAN FUNCTIONS,
Characterized by irregular, suppressed, or painful menstruation, pain in the sides and back, sensation of weight in the pelvis, weakness, nervous headache, leucorrhœa or whites, are treated on scientific principles, and a prompt and permanent cure effected.

NERVOUS AFFECTIONS,
Such as neuralgia, paralysis, giddiness, dimness of vision, etc., will receive special attention.

DISEASES OF THE SEXUAL ORGANS,
Male or female, are treated with all the skill and appliances which modern science has made available.—Nauseous drugs and nostrums, which are so often administered for weeks without benefit, are entirely discarded, and a few days only are required to accomplish a perfect cure.

Secondary and hereditary affections, scrofula in all its manifold forms, dyspepsia, emaciation and debility, treated with certain and unfailing remedies—speedily expelling all corrupt humors, and imparting a healthy tone to the system by purifying the blood, regulating the secretions, and reinvigorating the vital powers.

Twenty years practice in different parts of the world has given the Doctor advantages possessed by few, and his remarkable success warrants a promise of effectual cure.

Medicines, with full directions, will be sent to any part of the State on receipt of letter describing symptoms.

An Infirmary is connected with the establishment, where patients who desire may receive board and constant attention during their sickness, thus avoiding the inconvenience of a hotel. Kind and attentive nurses will be employed, and no means will be left untried to give full satisfaction. Consultation free.

TO THE LADIES.—Females in trouble, or afflicted with disease, are respectfully invited to call on Dr. MOORE, and consult him about their troubles. His uniform success in his treatment of Female Suppression and kindred diseases is a sufficient guarantee of his scientific attainments. Let no false delicacy prevent you, but call at once, and save yourself from future suffering and misery. Consultations are confidential, and his offices are arranged for the strictest privacy. Address, C. W. MOORE, M. D.

THE HUMAN HAIR
HAS LONG BEEN THE STUDY OF THE most scientific men of the age, from the fact that close study generally causes the hair to fall off prematurely; and, in consequence, they have given the subject a portion of their valuable time, trying to invent some method to regain their lost looks; but all their labor was in vain, until

PROFESSOR CROCKETT
after many years of hard study devoted to this one subject, has produced an article that

WILL MAKE THE HAIR GROW,
and which, by its use as a Hair Dressing, will effectually and always prevent its loss—even to extreme old age. Happily, the

AMYGDALINE
while possessing these virtues, is most delightful and agreeable without regard to their virtue. The hair, when diseased, becomes dry, and commences to turn grey, which is caused by the non-secretion by the capillary glands of a peculiar oil. It has therefore been thought and believed that if the glands were stimulated into action, they would still give a sufficient supply of nourishment to the hair; but alas! they forget one very important law of nature, viz: that ALL STIMULANTS HAVE THEIR REACTION; and the more the glands were stimulated—the sooner the final loss of the much prized locks. The principle of the preparation invented by Professor Crockett is entirely the opposite—instead of stimulating the capillary glands, he feeds them with the substance they require, and, in turn, the hair is fed by them—on the same principle as giving water to a flower. All we will say to those who are timid about trying new preparations is, that we strictly guarantee the AMYGDALINE to be entirely free from all stimulants, and is as harmless as filtered water, and can be used on the smallest infant. As a

Hair Dressing
it is unequalled by any the world has yet produced. It keeps the head entirely free of dandruff, eruption, pimples—imparting to the hair a beautiful glossy softness not obtained by an known compound. It will also be found both pleasant and useful as a Cosmetique, surpassing cold cream and face lotions in its effects; for chaps, sore breast and nipples we know of no remedy that is equal to it.

THE PERFUME
used is such that the AMYGDALINE will always retain, it will not become rancid by age; in fact, it is perfect in every particular. Professor Crockett's Amygdaline can be had of all druggists and dealers everywhere. Price, 50 cents.

Ask for Crockett's Amygdaline, and take no other.

PRIVATE MEDICAL INSTITUTE
Established by
DR. J. C. YOUNG, IN 1850,
For the Cure of Private Diseases of whatever nature
AND ALL FEMALE COMPLAINTS.
CONSULTING OFFICE,
540 WASHINGTON STREET,
SAN FRANCISCO, : : : : : CALIFORNIA
NO CURE, NO PAY.
Consultation by letter or otherwise, FREE. For direction of letters, see below.

THIS CELEBRATED INSTITUTE
has enjoyed on this coast an uninterupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength and vigor from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold ever over the one afflicted, the sword of destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, *recognized as the most fatal medical enemy to man*, combining with the Venerial, doubles in dangers. Those who have been treated with that pernicious *mineral poison* are not cured: the disease has only assumed a new form.

Do not be satisfied with partial cures
that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all diseasses entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT

Cures are Always Guaranteed,
In syphilis and its adjuncts; Gonnorhœa and its accompanying diseases; and all disorders of the Bladder, Kidneys and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient Consumption, and all diseases of the urinary organs, in either sex, cure always warranted, OR NO PAY REQUIRED at the PRIVATE

MEDICAL IVSTITUTE,

SFMINAL WEAKNESS OR SPERMATORROEA.
The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion, unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lacivious dreams accompanied by growing deafness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases, Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence toward a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principal of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one who looks to him for so much of her happiness, is a victim of his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult, then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick rooms with paralytics and consumptives, and hundreds ot untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, *without hindrance from business, change of diet, or fear of expnsure.*

Do not forget the address. See below.

IMPORTANT TO FEMALES.
When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the enquiry should be, Where is t ere a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor, understanding how imperatively necessary these requirements are, feels ca led upon to interpose, and by the attention of the afflicted to the fact that he has been a *Professor of Obstetrics and Female Diseases* for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—one in whose secrecy and the utmost confidence can be placed. *Consultation, by letter or otherwise, Free.* See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies or the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State. THE GREAT FEMALE MEDICINE! PREVENTIVE POWDERS FOR MARRIED LADIES. New, Safe and Infallible, lasting from four to six months. Price $10.—French Lunar, or Female monthly Pills, for suppressions. After fifty years of use these pills stand unrivalled in efficacy. Price $5 per box.

To Correspondents.
Patients residing in any part of the State however distant, who may desire medical advice on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are assured that their communications will be held most sacred.

All letters must be addressed to the corresponding physician, thus:

Agents wanted in every town, and in all parts of the world. Energetic agents can make from $3 to $10 per day. Sample Wringer sent Express-paid on receipt of price. No. 2, $6 50. No. 1, $7 50. PUTNAM MANUFACTURING CO.,
No. 13 Platt str., New York, Cleveland, Ohio, and Birmingham, Vt.
S. C. NORTHROP, Agent.

WHAT EVERYBODY KNOWS:
That Iron well galvanized will not rust; that a simple machine is better than a complicated one; that a wringer should be self adjusting and efficient; that thumb-screws and fastenings cause delay and trouble to regulate and keep in order; that wood soaked in hot water will swell, shrink and split; that wood bearings for a shaft to run in will wear out; that the Putnam Wringer, with or without cog-wheels, will not tear the clothes; that cog-wheel regulators are not essential, that the Putnam Wringer has ALL the advantages, and not one of the disadvantages above named; that all who have tested it, pronounce it the best Wringer ever made; that it will wring a Thread or a Bed-Quilt without alteration.

We might fill the paper with testimonials, but only insert a few to convince the skeptical, if such there be; and we say to all, TEST Putnam's Wringer. Test it thoroughly with ANY and ALL others, and if not entirely satisfactory, return it.

Putnam Manufacturing Co.—Gentlemnn:—I know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use.
Respectfully yours, JNO. W. WHEELER,
Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to indorse the above statement in all particulars. JNO. C. LEFFERTS,
New York, Jan. 1864. No. 100 Beekman str.

We have tested Putnam's Wringer by practical working and know that it will do. It is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and its saves wear and tear. We earnestly advise all who have such washing to do, with all intelligent persons who have *any*, to buy this Wringer. It will pay for itself in a year at most.
